DISCLOSURES	No disclosure.

		ACTION
ITEM 1	SAFETY MOMENT	
	Brad Wilson discussed the need for drivers not use to driving on country roads to be aware of increased movement of agricultural machinery on the roads at this busy harvest time.	
ITEM 2	Minutes of previous meeting	
	Minutes were accepted and will be added to the public web site	SD will add Minutes to the web site
ITEM 3	Update of Actions	
	An updated action list will be sent around to members	SD will send to all committee members.
ITEM 4	ATP 683	
	Carey Bradford presented information on ATP 683 (see presentation in file).	CB to send map ATP 683 from the presentation to all members.
ITEM 5	CSG and Agricultural co-existence	
	Tony Knight presented information on a technical trial on IFL and also the APPEA presentation on co-existence – see presentation in file. The following points were discussed and noted: <ul style="list-style-type: none"> Arrow will continue to look at water disposal options until confident that existing beneficial use trials are approved. GC and IH both commented on the water slide in the APPEA presentation noting that it was 'offensive' to landholders. Slide should show and represent the water 'take', 'impact' and 'recharge' associated from the Surat Basin. IH also noted that presentation should be clear that the 70m x 70m site is the ongoing impact on farms not just the 10m x 10m well pad. 	Johnny Shirley (AIFLC) to send guidelines on pipelines. TK to confirm wording in EIS document on the specific regarding right of way on gathering lines and pipelines. CB will provide location information on lone pine 4 well site to members.
ITEM 6	Environmental Impact Statement (EIS) update.	
	Carolyn Collins spoke about the timing and locations of the Surat EIS information sessions -see community letter and advertisement in file. The following points were discussed and noted: <ul style="list-style-type: none"> Proposed joint committee tour for the 23rd of April. Due to farming activities a 2nd tour is proposed for early June (date to be 	SD will send out tour invitation and information.

ASCRG Meeting – Minutes – prepared by Sarah Delahunty

Monday April 16th 2012

	confirmed)	
ITEM 7	Brine use and the Reverse Osmosis (RO) process.	
	Brad Wilson presented information on the brine use and RO process. The following points were discussed and noted: <ul style="list-style-type: none"> IH commented that it would be good to get some good news stories out about the RO process – for eg it is the same process that treats Dalby town drinking supply. 	SD will send presentation to members of both committees
ITEM 10	Any other Business	
	The following points were discussed and noted: <ul style="list-style-type: none"> The Councillors were thanked for their time on and contributions to the committee and wished luck in the upcoming local council elections. With the change of state government and resulting change with the DERM and DEEDI departments there is a need to look again at the most appropriate people to join the ASCRG committee. 	LE & TK will look at new members to join committee.
ITEM 13	NEXT MEETING	
	Thursday 14 th June–(venue TBA)	
ITEM 14	CLOSE	
	9:30am	

There being no further business, the meeting was closed at 9:30am

CONFIRMED AS A TRUE AND CORRECT RECORD.

Chairman
