<b>Safe Work Method Statement</b>	<input type="checkbox"/>	
<b>Geotechnical Reports</b>	<input type="checkbox"/>	
<b>Risk Assessment</b>	<input type="checkbox"/>	
<b>Other (Please describe)</b>	<input type="checkbox"/>	

### 10. Considerations

1. Minimum 10 business days' notice is required before commencing any approved activities (including potholing).
2. All excavations (including potholing) within 5 metres in any radial direction of pipelines shall be carried out under strict supervision and direction of an Arrow Energy representative.
3. Tracked or tyred equipment weighing in excess of 10,000kg (fully loaded GVM) shall not cross any pipelines without prior approval from Arrow Energy.
4. All pipeline crossings shall be at 90° (+/- 5°)
5. If works are not completed within 12 months from the date of Crossing Approval, a new application must be made.
6. Additional approvals may be required from Landholders/other third parties (where relevant).
