

MEETING MINUTES

MINUTES OF: Arrow Intensively Farmed Land Committee (AIFLC)
 HELD AT: Inbound Brasserie – Toowoomba Railway Station (private meeting room)
 DATE: Thursday, 29 November 2018
 COMMENCEMENT TIME: 9.40 am

Present:	<p>Nev Wirth – Landholder Warren Myring – Landholder Stewart Hayllor – Landholder Brydie Hedges – Community Engagement Manager David Wolf – Project Manager Off Plot Chris Wicks – Senior Development Planner IFL, Arrow Energy Zeb Dawson - Land Liaison Officer, Arrow Energy</p> <p>Presenters: Leisa Elder – VP External Relations & Tenure Management, Arrow Energy Stewart Black – Operations Manager, Surat, Arrow Energy Chris Wicks – Development Planner IFL, Arrow Energy Suzanne Ferguson – Manager Tenements and Overlapping Tenure, Arrow Energy Liz Edwards – Community & Communications Manager, Arrow Energy Lavinnia Fiedler – Environment Advisor Biosecurity & Compliance, Arrow Energy</p>
Apologies:	Wayne Newton; Stuart Armitage; Steve Williams; Graham Burt; Ivan Tan; Christine Hubbard

	Joint Meeting – ASCRG & AIFL Committee	ACTIONS
ITEM 1	<p>Welcome</p> <ul style="list-style-type: none"> Leisa Elder welcomed everyone and introduced Arrow’s new Community Engagement Lead, Liz Crombie, who attended as an observer. Leisa made reference to apologies and advised that Jody Monaghan has stepped down as Dalby Chamber of Commerce & Industry representative. The committee will be advised of her replacement once confirmed by the Chamber. 	Committee to be advised of new Chamber representative
ITEM 2	<p>Safety moment, tyre safety – Stewart Black</p> <ul style="list-style-type: none"> Stewart presented on tyre safety awareness including: <ul style="list-style-type: none"> expiration dates – tyres expire four years after date of manufacture air pressure – tyres have a maximum allowable inflation pressure load rating – tyres have a maximum load carrying capacity tread wear – tyre tread is graded to indicate lifespan trailers – tyre trailers also need attention although they are generally not used as often road conditions – tyres will wear according to road conditions tyre specifications – found on the side of the tyre near the rim. Lee McNicholl raised farm safety. A number of incidents have occurred in the region over recent months. Workers in the agricultural industry are exposed to many hazards including sun exposure and farming is recognised as one of the most dangerous occupations. 	
ITEM 3	<p>Arrow update – Leisa Elder</p> <ul style="list-style-type: none"> Leisa Elder summarised Arrow’s activities in 2018, including: <ul style="list-style-type: none"> 46 wells drilled, 40km of gathering line installed community information sessions reached more than 400 community members more than \$25million in social investment spend since 2011 Indigenous relations development included training/placement of seven Indigenous trainees and apprentices support for the Heart of Australia mobile clinic included: 	

	Joint Meeting – ASCRG & AIFL Committee	ACTIONS
	<ul style="list-style-type: none"> ▪ the launch of the second mobile clinic ▪ a recent visit to Chinchilla in response to interest shown during Arrow’s community information session in September 2018 ▪ more than 200 Arrow staff received a consultation through the service ○ support for the PCYC Braking the Cycle program resulted in 150 licences ○ continuation of the Arrow Energy/Broncos partnership, resulting in: <ul style="list-style-type: none"> ▪ the launch of the National Rugby League Broncos Women’s team ▪ 800 students engaged by Broncos school-based programs ▪ Dalby Fan Day held in November, attended by more than 1,500 community members ○ more than 450 students participated in the Arrow-supported STEM program. <p>Arrow in 2019</p> <ul style="list-style-type: none"> • ~70 per cent increase in wells and gathering from Arrow’s 2018 work plan including: <ul style="list-style-type: none"> ○ more than 40 wells in the Surat Basin ○ more than 20 wells in the Bowen Basin. • In 2019, the focus will be on sustaining wells to meet the current domestic gas commitments, brownfield developments (Daandine, Tipton and Moranbah Gas Project) and continued development planning for the Surat Gas Project. • There has been a temporary delay to an area of engineering design for the Tipton facility upgrade. Unfortunately, the Australian Financial Review reported this inaccurately, supporting misinformation about the delay. • Arrow has continued to support the community, partners, research and development. This demonstrates Arrow’s leadership’s commitment to supporting communities, and community programs. • Arrow has increased 2019 funding to the Heart of Australia and worked to increase Indigenous participation through the Indigenous Capacity Building program. • Community engagement will continue in 2019 through Area Wide Planning, broad and targeted information sessions. • Jane Walker highlighted the importance of message clarity and said it was good to know that it is business as usual for Arrow. 	
ITEM 4	<p>Operations update – Stewart Black</p> <p>Daandine CGPF</p> <ul style="list-style-type: none"> • Final hook-up and commissioning (including overnight pressure testing) occurred for the Roma to Brisbane pipeline (RBP) interconnection to Braemar 1 and 2 pipeline systems. This allows Daandine Central Gas Processing Facility (CGPF) to export into the RBP while also allowing power stations to receive gas from this major transfer system. • An upgrade to the facility will go live next year. <p>Tipton field</p> <ul style="list-style-type: none"> • Safety and production are going well for the Tipton area. • There are 26 new wells planned for drilling in 2019. • Jane Walker asked if the 26 planned wells have CCAs in place. Chris Wicks confirmed that all CCAs are in place or in progress with existing landholders. • All wells will be twinned on existing well pads <p>Plainview Pilot</p>
