

Application notice

SGP South EA Amendment #1

Resource activity: Site specific petroleum activity

It is advised that Arrow CSG (Australia) Pty Ltd (Arrow Energy) has lodged an application for a major amendment to an environmental authority in accordance with the requirements of the *Environmental Protection Act 1994*. The environmental authority being amended is EA0001613, which applies to the following Petroleum Leases (PL): PL185, PL493, PL1039, PL1040, PL1041 and PL1043, also known as the Surat Gas Project South (SGP South).

The EA amendment application relates to areas of PL493 and PL1040 (refer to map) and does not seek to increase the number of currently approved wells. Rather, it reflects a refinement of the 2018 development footprint and subsequent conditioning associated to the staging of environmental offsets. The amendment seeks to:

- update impacts to prescribed environmental matters and matters of state environmental significance;
- update impacts to Category B and C environmentally sensitive areas;
- update administrative conditions associated with the development of 84 natural gas wells and supporting infrastructure; and
- remove constraints-based water conditions that Arrow Energy consider to be no longer applicable to this environmental authority.

The application documents for the Project consist of the properly made

environmental authority amendment application form and a supporting information report with appendices on biodiversity impact assessments and spatial files.

Application documents may be inspected or accessed at:

- Arrow Energy website:

www.arrowenergy.com.au/media/public-notices

- Department of Environment, Tourism, Science and Innovation (DETSI) website:

https://environment.desi.qld.gov.au/management/activities/non-mining/regulation/environmental-authority/current-ea-applications#petroleum_and_gas_applications

Copies of, or extracts from the application documents may be made available upon request by contacting DETSI at palm@detsi.qld.gov.au.

Any person may make a submission about the application documents during the submission period, which is from 8/08/2025 to 5/09/2025.

Submissions must be received on or before 4.30pm on the last day of the submission period.

Submissions must be sent to:

Department of the Environment, Tourism, Science and Innovation
Energy and Extractive Resources Business Centre

GPO Box 2454 Brisbane QLD 4001

Email: EnergyandExtractive@detsi.qld.gov.au

Attention: Manager (Assessment)

The Department of the Environment, Tourism, Science and Innovation as administering authority shall accept all properly made submissions and may accept written submissions even if they are not properly made. A properly made submission must meet all of the following requirements:

- be written or made electronically
- state the name and address of each submitter
- be made to the administering authority stated above
- be received on or before the last day of the submission period
- state the grounds of the submission and the facts and circumstances relied on in support of the grounds.

Submissions may be made using the Submission form: Application or amendment application for an environmental authority / PRC plan / PRCP schedule (ESR/2015/1617). (https://www.detsi.qld.gov.au/policies?a=272936:policy_registry/rs-fm-submission-application-amendment-ea.docx).

If you wish to make submissions electronically, please use submission form (ESR/2015/1617) as a guide about the matters that are to be included.

For more information, visit arrowenergy.com.au or contact Arrow via email info@arrowenergy.com.au or phone 1800 038 856 (free call).
