Metadata Field	Details
Project information (i.e., EPBC referral number and project title)	**EPBC referral number:** EPBC 2024/10002 **Project title:** Surat Gas Project (SGP) North Solar Farm
Dataset information	**Dataset title:** SGP_North_Solar_Farm_Original_Footprint **Created date:** 26/08/2024 **Creation info:** Tracey Stringer / Jessica Burckhardt **Data sources:** imagery, field survey's **Precision / Scale / Accuracy:** Field survey / imagery – RTK, DGPS, 1:200
Geographical extent of the data (general location, region, and landscape)	**General location:** The Project area is located in Queensland in PL491 on Lot Plan Lot Plan 17AU199, at a distance of approximately 20 Km from the township of Miles and 150 Km from the township of Dalby, Queensland. **Region:** Western Downs Regional Council, Kowguran, Queensland, 4415 (150.207496, -26.493182 Degrees (GDA2020)), with access through Retreat Road. **Landscape:** The landscape character of the Project site is classified as Forested and Woodland Downs, with no high landscape value areas, no parks or reserves, no significant waterway crossings, no heritage sites, and no scenic routes (refer to **Appendix B. SGP North Solar Farm**). The Project site is shown as non-remnant ('Category X'), on the Queensland Department of Resources' Regulated Vegetation Management Map (RVMM). The majority of the Project site is either cleared or regrowth eucalypt woodland on Cainozoic sand plains, which corresponds to RE 11.5.1. It contains predominantly non-remnant native vegetation which has been subject to a history of clearing and disturbance, having been cleared by 1972 and maintained as cleared until the 1980s. Since then, vegetation has been encroaching on cleared areas in the north and cleared areas have been maintained in the southern part. Vegetation on the Project site is still grazed, with patches of cleared land interspersed with mixed eucalypt regrowth, Buloke and Callitris stands. Parts of the Project site also show signs of significant fire damage as a result of the wildfires affecting the area in December 2022.
Ownership - who owns the intellectual property rights Custodianship - who has responsibility for maintenance of the data, and any conditions attached to the use of the data	**Ownership of data:** Arrow Energy Pty Ltd **Custodianship of data:** Arrow Energy Pty Ltd **Disclosure statement:** 'Arrow Energy Pty Ltd, being the owners of this data, acknowledge that the data may be used in accordance with the administration of the Environment Protection and Biodiversity Conservation Act 1999'.
Contact details (name, organisation, phone number, e-mail, and postal address)	**Name:** William Pegg **Role:** Chief Financial Officer **Organisation:** Arrow Energy Pty Ltd **Phone number:** +61 7 3012 5112 **E-mail:** william.pegg@arrowenergy.com.au **Postal address:** Level 39, 111 Eagle Street, Brisbane 4000, Queensland
